elvada

ABOUT THE COMPANY

The company started its journey in 2006 in Constanta, Romania and over the past years it has managed to become a leading freight forwarder. Elvada Company is labelled as a Global Supply Chain Management company with access to networks extended all over the world. Firstly, the company started with inland transportation sector, but in a short period of time, the team managed to attract different projects and developed regular shipments with different commodities like: spices, perishable goods, building materials, beverages, motors, mechanical spare parts, bicycles, safety equipment and even garden furniture. Later, based on the knowledge gathered over the years, the services began being more diversified moving towards sea freight, custom brokerage and last, but not least, warehousing.

Elvada Company grew by offering full support and total involvement to all customers, no matter what kind of problems they faced, offering a complete package of logistic services with door to door capability. In a fast-moving world, Elvada provides innovative logistical solutions to our worldwide customers and has made a name in the market maintaining the standards that have lead to success for the past 15 years. Our company's is proud to offer complete service "in-house" as we are the only freight forwarder with our own custom brokerage, our own fleet of trucks and our own warehousing. This offers us an advantage in the market and a guarantee for our VIP customers.

An aerial photograph of a busy port. Two large container ships are docked at a pier, with several green gantry cranes positioned along the dock. The water is dark, and several tugboats are visible around the ships. The sky is clear and bright.

In our vast experience as a freight forwarding company, we learned that flexibility and transparency are the most important terms for a long and healthy cooperation with our partners. We always make sure that our customers will receive proper assistance for providing complete documentation that is needed to make each delivery a success. Elvada Company does not stop to general cargo shipments, but leads the way to perishable goods, dangerous goods, project cargo and oversized cargo by offering full support throughout the process with all authorities and parties involved optimizing delivery time.

A white Volvo truck with a Hapag-Lloyd trailer is driving on a road. The truck is viewed from a front-quarter perspective. The trailer has the Hapag-Lloyd logo and name on it. The license plate is CT 53ELX. In the background, there are some trees and a blue sky with clouds.

You can always ask
Elvada Company
for:

- Ocean Freight FCL/LCL both import and export shipments
- Ocean Freight for reefer container both import and export shipments
- Project Cargo, OOG containers, Heavy Lift, Breakbulk and RO-RO
- Door delivery to customers including DAP/DDP/DDU shipments
- Additional cargo insurance – dedicated collaboration with an insurance broker.

AIR FREIGHT

Elvada Company has established a close relationship with many airlines, domestic and foreign. We gain customer's trust and loyalty by offering full support to them in achieving personalised transport as per their request.

- 
- Airshipment standard or with high priority
 - Delivery door to door / door – airport
 - Availability for charters for oversized cargo
 - Consultancy and full assistance for air shipments including CIF/DAP/DDP.

INLAND ROAD TRANSPORT

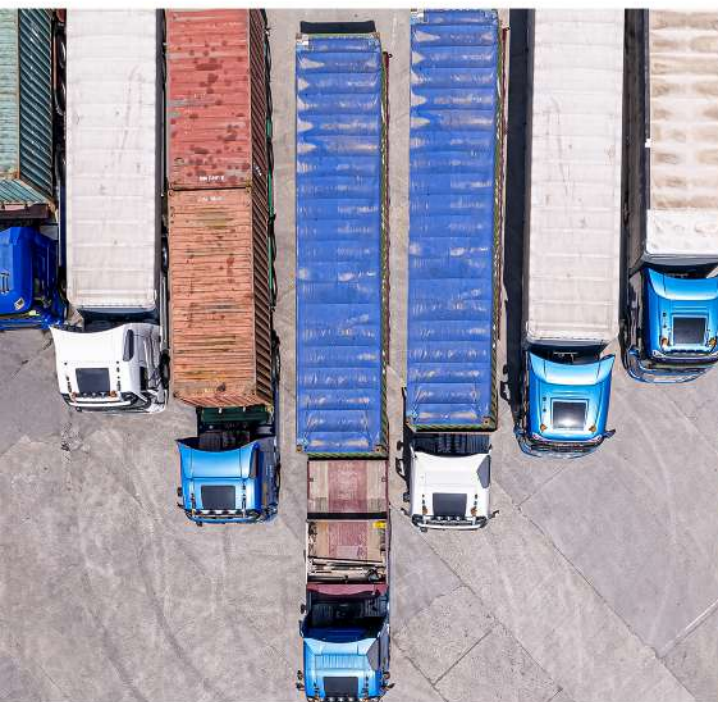

Road transportation remains the company's dominant activity with a fleet of 30 trucks that ensures goods can get to their destination at all times.

We have a dedicated person available 24/7.

Why should you choose Elvada:

- **One-stop shop** for domestic and international road transportation
- Interchanges with all lines and railroads
- Financial protection against cargo losses and/or damage – all based to our CMR policy
- Genset equipment for perishable goods/ reefer containers
- Authorization/permits for oversized transportation, plus escort if needed
- We use modern and environmental friendly trucks
- Our company policy is to prioritize sustainability and to respect the environment in all our logistic operations

CUSTOMS BROKERAGE

Our department works under very strict rules, which, have the purpose to maintain a constant, correct and effective flow of the company operations. The team has a vast experience and can walk you through every step of the import and/or export process, by helping you clear your cargo fast, avoiding risk of penalties or delays. As an AEO certified member, being among the first companies to obtain this certification, Elvada is internationally recognized for high standards of security, professional competence and excellent financial management. Gaining through time a strong influence on the local level, in Constanta Port, we have been identified as a reliable partner with a good reputation within the Customs Department.

You can count on us for:

- Import/transit/export/re-export custom declarations
- Calculation of VAT and duties according to commercial documents
- Customs representation in case of physical check at our own ramp under custom surveillance
- Consultancy to perform custom clearance and obtain additional documents needed (fito-sanitary assistance).

PERISHABLE GOODS HANDLING

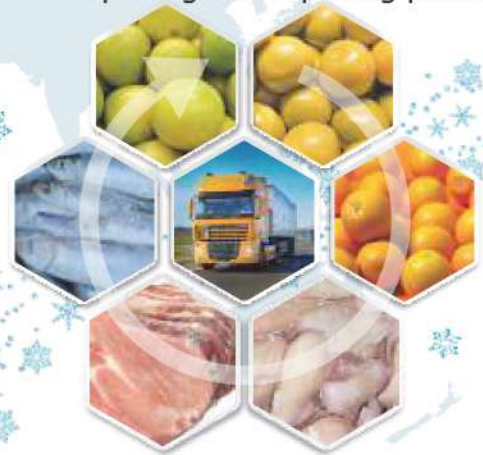

Elvada Company is specialised in handling perishable goods and many other products that require refrigeration.

Our main purpose in the handling process is to satisfy client needs, to provide best combination of sea and road transport and offer integrated solutions that reduce the cost and make it easier and more efficient.

We have vast years of experience providing logistic services for importing and exporting perishable goods at the highest quality standards.

We provide logistics services for the following products:

- Fruits and Vegetables
- Meats / Fish and Seafood
- Pharmaceuticals
- Hi-Tech Equipment with Climate / Temperature Control Requirements
- Any other Cool Chain Necessities

WAREHOUSE & BONDED WAREHOUSE FACILITY
